

18th June 2020

Year 6 Transition

Dear Parent/ Guardian

I am delighted to announce that despite our current circumstances we will still be running our transition week for our Year 6 students from the 21st to the 25th June 2020. The purpose of the transition programme is to provide the Year 6 students with key information about what to expect next year as well as an opportunity to experience life in the Secondary school through live lessons in core subjects. Our Head of Year 7, Miss C McIlroy has created a transition booklet which contains important information about the curriculum structure, school uniform, daily schedule and procedures and expectations for students in Secondary. The transition booklet can be accessed [here](#) but will also be available on our website. The programme for the week will be shared with students within their Year 6 Google classrooms.

On Tuesday, the 23rd June we would also like to give parents the opportunity to meet key Secondary staff through online meetings to answer any questions regarding the transition from Primary to Secondary. Miss McIlroy (Head of Year 7), Mr Evans (Deputy Head of Secondary) Mr Rudling (Assistant Principal) and I will be involved in these meetings. The online meetings will take place between 12pm and 6pm using the Google Meets application and parents can sign up for a meeting [here](#). Meeting slots will last 10 minutes to ensure access to all parents.

We look forward to meeting our new Year 7 students and we encourage their participation in the activities next week to ensure a smooth transition from Primary to Secondary.

Yours sincerely,

Zaheer Abass

Head of Secondary
