

EYFS Curriculum Topic Overview 2024 -2026

The Early Years Foundation Stage curriculum is divided into seven areas of learning; Personal Social and Emotional Development, Communication and Language, Physical Development, Literacy, Mathematics, Understanding the World and Expressive Arts and Design. These seven areas of learning are delivered through a thematic and engaging cross-curricular approach, which enable children to acquire knowledge, skills, concepts and attitudes in a meaningful way.

Year Group	Term 1	Term 1	Term 1	Term 2	Term 2	Term 3	Term 3
Preschool & FS2 2024-25	'Marvellous Me!'	Heroes		Long, Long Ago		Animals	
Preschool & FS2 2025-26	'All about me'	Buildings (Build it big / Towers and turrets)		Off We Go! (Blast off/Crash landing)		Land and Sea (Land Ahoy / Under the Sea)	

As all our topics are **enquiry led**, they will start with a **'Hook'** which is an initial stimulus or experience designed to help the children connect with the content and skills that will be taught. At the end of the theme's learning journey, the children will celebrate their achievements with a final **'Outcome'** that can be shared with each other, parents or the school community. The themed approach ensures the children have opportunities to be supported or independent with their playing, exploring, active learning, creating and thinking critically. Specific skills involving reading, writing and maths are also taught through daily, whole class, as well as small group activities.
