Due to these scheduled Parent-Teacher Meetings, our programme of **Extracurricular Activities (ECAs)** will **not** take place on **Wednesday** or **Thursday** this week. However, if you are unable to collect your child on these days at 2.30pm, alternative provision will be in place.

Contacting Year 3 Teachers:

We are always happy to support in any way we can, so if you have any questions or concerns please send your child's class teacher an email (see addresses below).

When contacting staff please remember they have family time outside of school too. Staff are expected to read emails daily (Monday - Friday) and respond within 24 hours. They may choose to read or respond outside of school hours but please do not expect it. Please also bear in mind that they will be teaching or in meetings during the school day (7.30am - 3.00pm) so will not be able to respond straight away.

Year 3 learning:

Week beginning: Monday 7th October 2024

Maths	In maths we will be beginning to learn how to add and subtract ones, tens and hundreds from a 2 and 3 digit number. The children will explore using a number line, manipulatives and the column method to support calculating the answers.
English	The children will be learning how to plan their own story based on the Green ship, changing the characters and setting. They will then write their own version using their plan and our success criteria, which is to include adjectives, punctuation, similes, prepositions and noun phrases. We will be teaching the children how to edit and improve their work and there will be opportunities to share their stories with the class.
Science	To start the week off we will be learning about the different muscles in our body and why we need them. Then we will return to our enquiry question 'What is nutrition and why is it important in animals including humans?' and answer it using what we have learnt so far. To finish off our topic, we will complete the hot task to assess what we have learnt.
Integrated Curriculum	We are continuing with food technology this week. The children will be visiting the kitchen to make their own sandwich using their design and method. Then learning how to evaluate what they have made.
