Year 4 Learning Pathway

Week beginning: 7.10.24

Dear Parents,

Thank you so much to all the children and parents who participated in the 20 Days of Wellbeing Challenge. It has been great to see so many of the children taking part in the activities.

Please be reminded that this week the Term 1 Primary Parent-Teacher Meetings will be held, in your child's classroom, at school, on **Wednesday 9th October and Thursday 10th October between 2.50pm and 5pm**. Please contact your child's class teacher if you did not receive a signup sheet.

Due to these scheduled Parent-Teacher Meetings, our programme of **Extracurricular Activities (ECAs)** will **not** take place on **Wednesday** or **Thursday** this week. However, if you are unable to collect your child on these days at 2.30pm, alternative provision will be in place.

## Contacting Year 4 Teachers:

We are always happy to support in any way we can, so if you have any questions or concerns please send your child's class teacher an email (see addresses below).

When contacting staff please remember they have family time outside of school too. Staff are expected to read emails daily (Monday - Friday) and respond within 24 hours. They may choose to read or respond outside of school hours but please do not expect it. Please also bear in mind that they will be teaching or in meetings during the school day (7.30am - 3.00pm) so will not be able to respond straight away.

## Year 4 learning:

**Week beginning: Monday 7th October 2024**

<b>Maths</b>	We will be developing our understanding of four digit numbers, by introducing subtraction, both with & without exchanges. This learning will be applied to calculating answers to word problems, where we can transfer our maths skills.
<b>English</b>	We will be building on our story writing skills, after a successful week of using our 'boxed-up' story plans. We will be focussing on fronted adverbials and descriptive language, as we write our own story openers.
<b>Science</b>	We will be identifying parts of flowers and discussing their relative functions. In the laboratory, we will be dissecting flowers and labelling the various parts.
<b>Integrated Curriculum</b>	We will be exploring how a sustainable city operates. This will lead into groups designing and creating their own model sustainable cities.
