Week beginning: 28.10.24

Dear Parents,

Following our recent parent workshops a number of parents were asking how you can purchase Monster Phonics resources to support your child at home. We have worked with Monster Phonics and are pleased to announce that we can offer an ordering system through the school. Click on the form below to select and pay for any resources you would like before **Thursday 31st October**. Orders will be sent directly to the school from the UK and distributed to parents when they arrive. [Monster Phonics Order Form](#)

We are delighted to announce that Bookworm Book Fair will be at Al Ain English Speaking School from **Monday 28th October** to **Thursday 31st October**. Please see the poster in this newsletter for more information.

In recognition of **Flag Day**, students are also invited to bring their own UAE flag to school on **Friday 1st November**.

Contacting Year 2 Teachers:

We are always happy to support in any way we can, so if you have any questions or concerns, please send your child's class teacher an email (see addresses below).

When contacting staff, please remember they have family time outside of school too. Staff are expected to read emails daily (Monday - Friday) and respond within 24 hours. They may choose to read or respond outside of school hours but please do not expect it. Please also bear in mind that they will be teaching or in meetings during the school day (7.30am - 3.00pm) so will not be able to respond straight away.

Year 2 learning:

Week beginning: Monday 28th October 2024

Maths	In maths, the children will continue to learn about addition and subtraction. First, the children will focus on 'adding across a 10'. Within this lesson, they will learn to add a 1-digit number to a 2-digit number, such as: $18 + 6$. Following this, the children will move onto 'subtracting across a 10'. This will involve the children subtracting a 1-digit number from a 2-digit number where they are required to cross 10. For example, $12 - 4$. Across the week, the children will learn how to use practical equipment to work out the answers to given calculations, such as: tens frames and counters, dienes, bead strings and number lines.
English	<p>In English, the children will continue to practise orally retelling the Worry Monster's letter. After that, they will be working collaboratively to deepen their understanding of the key vocabulary from the model text. The children will then learn about and identify the features of the Worry Monster's letter. For example: the greeting, an opening statement, the main text, a closing statement, the ending, sentences with conjunctions ('and', 'so' or 'but'), question sentences, exclamation sentences and past tense verbs.</p> <p>We would like to request that each child bring in a book of their choice to read each day.</p>
Science	In science, the children will continue to investigate 'Living Things and their Habitats' by identifying and naming a variety of local plants and animals and describing their habitats.
Integrated Curriculum	In Integrated Curriculum lessons, the children will become explorers as they use atlases to locate and name the world's continents. We will also discuss the world's oceans.

Our expectations are that students will:

- Show respect for the thoughts and opinions of others
- Understand that we are all unique and have something valuable to offer
- Accept and appreciate differences
- Understand and support each other if mistakes are made
