## Year 6 Learning Pathway

### Week beginning: 22.9.25

Dear Parents,

On Friday 26th September, we will be joining the other Cognita schools around the world to celebrate Global Be Well Day. Global Be Well Day is a special opportunity for everyone in the Cognita community to focus on the importance of wellbeing as individuals, schools and a global family. Because physical and mental health are essential for a bright future.

This year's theme is 'Connection'. Connection to ourselves, connection to others and connection to nature. Throughout the week, the children will have the opportunity to connect with other children in other year groups across the school in fun ways. As well as this, we would like to encourage families to find ways of connecting as a family, with friends, and with nature.

## Contacting Year 6 Teachers:

We are always happy to support in any way we can, so if you have any questions or concerns please send your child's class teacher an email (see addresses below).

When contacting staff please remember they are expected to read emails daily (Monday - Friday) and respond within 24 hours. They may choose to read or respond outside of school hours but please do not expect it. Please also bear in mind that they will be teaching or in meetings during the school day (7.30am - 3.00pm) so will not be able to respond straight away.

## Year 6 learning:

**Week beginning: Monday 15th September 2025**

The Year 6 students will continue to settle into their new classes this week. They will focus on learning their routines as well as completing maths and English work. They will also begin their first topic.

<b>Maths</b>	In maths this week, we will continue our work with addition and subtraction by looking at inverse operations, multi-step problems and word problems. We will also use our knowledge of place value to master the written strategy in addition and subtraction.
<b>Writing</b>	In English this week, pupils are going to be text mapping and doing drama to show their understanding of the text 'Zelda Claws'. Using this information, they will magpie ideas to use when they learn about figurative language in a suspense setting.
<b>IC</b>	This week in IC, we will continue to explore lines of latitude and longitude. We will learn how the Earth is divided into zones and discover how these zones affect life and climate.
<b>Science</b>	This week in science, students will be investigating microorganisms. They will be learning about bacteria (Which is good or bad), fungus (How mould is formed) and viruses (Is it a microorganism?).

## Year 6 PE Days:

## AAESS Values

# Respect

Inspired by the legacy of the founding father, Sheikh Zayed bin Sultan Al Nahyan we will focus on the value of **Respect** this term.

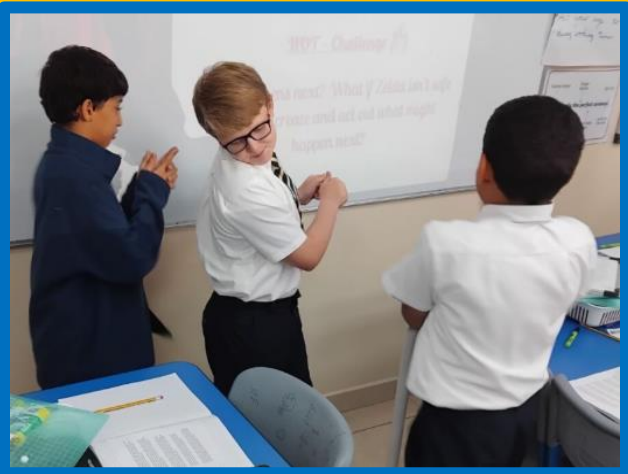

Our expectations are that students will:

- Show respect for the thoughts and opinions of others
- Demonstrate respect for their friends, their families and all school staff
- Celebrate different skills, achievements and interests
- Speak appropriately when communicating with others
