

Al Ain English Speaking School

Year 4 Learning Pathway

Week beginning: 02.02.26

Dear Parents,

Thank you so much to all the children and parents who participated in the 20 Days of Wellbeing Challenge. It has been great to see so many of the children taking part in the activities.

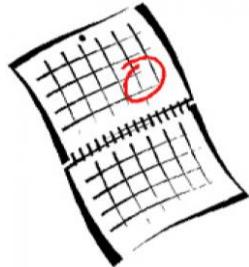

On **Tuesday, 17 February 2026**, we will be launching our **Voice of the Parent Survey**. This survey is a vital opportunity for you to share your views on your child's experience at AAESS and to help shape the future direction of our school.

We strongly encourage all parents to take part when the survey is released. Your voice plays an important role in shaping AAESS, and we are grateful for the time and care you take to share your feedback with us.

Just a gentle reminder that school now finishes at 11:30 a.m. every Friday. If you are unable to collect your child/ren at 11:30, please ensure arrangements are made for a prompt pick-up. Thank you for your cooperation.

Please note that school will break up for February half term at 2:30p.m. on Monday 9th February. School will then reopen on Monday 16th February.

Contacting Year 4 Teachers:

We are always happy to support in any way we can, so if you have any questions or concerns please send your child's class teacher an email (see addresses below).

When contacting staff please remember they are expected to read emails daily (Monday - Friday) and respond within 24 hours. They may choose to read or respond outside of school hours but please do not expect it. Please also bear in mind that they will be teaching or in meetings during the school day (7.30am - 3.00pm) so will not be able to respond straight away.

Year 4 learning:

Week beginning: Monday 2nd February 2026

English	In English, the children will be consolidating their understanding of using punctuation throughout their work, including commas, apostrophes and full stops. Also, they will be exploring present tense and prepositions to then use their weeks learning to uplevel their writing.
Maths	In Maths, the children will be beginning their learning of graphs. They will learn how to collect and represent data whilst comparing it and discussing what has been collected. Then they will be interpreting data from line graphs before collecting and plotting their own line graphs.
Science	In Science, the children will be investigating the relationship between sound and distance. They will be using cup phones at different string lengths to explore how the distance and length of string effects the sound being transmitted. Also, they will be examining the function of the ear, how the eardrum allows humans to hear.
Topic	In Topic, the children will be consolidating their learning by using their knowledge of genres and beats to compose their own song with lyrics. They will be exploring the opportunity to, in groups, write their own song lyrics around themes such as the environment. They will then perform their songs to the rest of their class.
