## Year 6 Learning Pathway

### Week beginning: 30.03.26

Dear Parents,

We would like to thank you for your continued support and ongoing partnership during this period of remote learning. Your flexibility, patience and commitment have played a vital role in ensuring that learning could continue from home.

It has been wonderful to see such high levels of participation in live lessons and we appreciate the effort you have made to help your children stay engaged, organised and ready to learn each day which has helped to create a positive and productive learning experience.

Please use the following link to access a copy of the AAESS Online Learning Framework, <https://aaess.org/online-learning-hub/>

This page brings together the key information you need, including how the programme works, what students can expect by phase, key contacts, and answers to frequently asked questions to support parents at home.

For further support in navigating Microsoft Teams, please feel free to use the following leaflet and a short video guide: [Primary Student Teams Site Guide](#)

## Contacting Year 6 Teachers:

We are always happy to support in any way we can, so if you have any questions or concerns please send your child's class teacher an email (see addresses below).

When contacting staff please remember they are expected to read emails daily (Monday - Friday) and respond within 24 hours. They may choose to read or respond outside of school hours but please do not expect it. Please also bear in mind that they will be teaching or in meetings during the school day (7.30am - 3.00pm) so will not be able to respond straight away.

# Important Information:

- For the next week we will complete our learning online and at Al Ain English Speaking School (AAESS) this combines several complementary approaches to ensure learning remains structured, engaging and flexible.
- Learning will follow the normal school timetable, where possible, to maintain routine.
- Children will engage with live lessons which will be delivered by the teacher, recorded teacher inputs, and independent learning tasks which can be completed at a time convenient to your child.
- Offline tasks and movement breaks will be built into learning to support wellbeing and allow time away from the screen.

## Year 6 Learning:

**Week beginning: Monday, 30th March 2026**

<b>Maths</b>	Next week in maths, we will continue our work on ratio. This will include linking ratio to fractions, calculating and simplifying ratio as well as delving into proportion problems. We will also begin our mini-topic on statistics by exploring line graphs.
<b>Writing</b>	Next week, we will continue exploring our class text, the Malamander, and answering comprehension-base questions using P.E.E. We will be exploring the next 4 chapters, unravelling unfamiliar vocabulary to gain a better understanding.
<b>IC</b>	In IC, we will continue exploring maps, with a focus on identifying and understanding symbols. We will then apply this learning by creating our own maps based on the layout of our classrooms.
<b>Science</b>	In science next week we will be exploring our second lesson on voltage and how current is affected by it. We will also be looking at how to draw and label circuits scientifically.

**Dear students, As-salamu Alaikum.**

This week we are going to continue our lesson (Surat An-Naba') and our objectives are:

- 1-To show the importance of the Surat.
- 2-To get the objective of sending it to us.
- 3-To infer the lessons mentioned in the Surat.

A link to the lesson could be found [here](#).

## AAESS Values

### Respect

Inspired by the legacy of the founding father, Sheikh Zayed bin Sultan Al Nahyan we will focus on the value of **Respect** in Term 3.

Our expectations are that students will:

- Show respect for the thoughts and opinions of others
- Demonstrate respect for their friends, their families and all school staff
- Celebrate different skills, achievements and interests
- Speak appropriately when communicating with others
