FS2 Learning Pathway

Week beginning: 6.4.2026

Dear Parents,

As we continue our online learning we would like to remind you that a supportive home environment plays an important role in helping students remain focused, organised and confident during online learning

Simple routines and a structured environment help students stay organised and ready to learn as it maintains a consistent daily routine.

To ensure your child is ready for online learning it is helpful to

- Provide a quiet learning space – keeping distractions to a minimum.
- Encourage organisation and independence.
- Balance online and offline activities with regular breaks and movement.
- Make sure your child is well rested.
- Contact the teacher if you need further support.

Wellbeing Wednesday

Wellbeing Wednesday

Each Wednesday, a short wellbeing prompt will be shared with staff and students, encouraging one small action and a brief reflection on why it matters. These moments are designed to remind us that small intentional actions can make a meaningful difference.

Action:

Create a simple workspace ritual - tidy your desk, adjust your chair or organize materials before lessons.

WHY IT MATTERS:

Small routines create structure, reduce distractions and give a sense of control during online learning.

PLEASE JOIN US FOR A FUN FRIDAY FRIDAY 10TH APRIL

Please see the adapted schedule for
Friday's online lessons.

We would love your child to join us for Fun Friday! Please see the adjusted online schedule for the day.

To make the day extra exciting, we would love the children to dress up as pirates, using hats and props they have made themselves. We kindly ask for your support in helping your child create their costume using recyclable materials. Please take a look at the pre-recorded PowerPoint for some fun and easy ideas.

We would also really love for you to share some photos of your child enjoying their pirate adventures at home — this could include taking part in pirate-themed activities, playing with props they have created, or joining in with the themed learning.

Please send any photos to denise.grant@cognita.com by 2:30 pm on Thursday, so that we can create a special video to share online with the children and their classmates.

If you do not give permission for your child's photo to be shared online, please kindly do not send any photographs.

Thank you for your continued support. We cannot wait to see the children's amazing pirate creations and adventures!

- Learning will follow the normal school timetable, where possible, to maintain routine.
- Children will engage with live lessons which will be delivered by the teacher, recorded teacher inputs, and independent learning tasks which can be completed at a time convenient to your child.
- Offline tasks and movement breaks will be built into learning to support wellbeing and allow time away from the screen.

FS2 Learning:

Week beginning: Monday 6th April 2026

In literacy we will continue bringing our pirate poem to life with exciting actions and expressions. We will also be busy creating our own props for pirate dress up day.

This week in phonics, we will be focusing on the sound “**oa**”. The children will practise recognising these sounds in words, reading simple words that contain them, and applying them in their writing activities.

In understanding the world this week, we will be learning about the Stinnes house. Use the pre-recorded video to go through the PowerPoint Presentation and learn about Stinnes and how she became famous.

This week, we are learning about number bonds to five and how to write simple number sentences. Please ensure that you access the pre-recorded lessons to support learning at home. A helpful idea is to play a quick game where you say a number bond to five and encourage your child to respond without using their fingers or objects.

Next week in EAD we are going to have some fun singing and dancing to Pirate songs. This will help us get ready for our very special Pirate Day happening on Friday.
