

Al Ain English Speaking School

Year 2 Learning Pathway

Week beginning: 20.04.26

Dear Parents,

We would like to extend our sincere thanks for your continued support over the past few weeks as we have delivered our distance learning programme. Your encouragement, flexibility, and partnership have played a vital role in ensuring that our students have remained engaged and motivated in their learning.

We are pleased to announce that the school will now be reopening for face-to-face teaching. In line with government protocols, and with all necessary health and safety measures firmly in place, we are fully prepared to welcome our students back to school in a safe and supportive environment.

In line with government protocol, the school is required to operate staggered start and finish times. **Year 2 Drop-off time is 7:45am at Gate E. Year 2 Pick-up time is at 2:30pm at Gate E.** Please note that parents are **not permitted** onto the school premises at any time. Staff will be positioned at the gates and will escort children safely to their classrooms.

Contacting Year 2 Teachers:

We are always happy to support in any way we can, so if you have any questions or concerns, please send your child's class teacher an email (see addresses below).

When contacting staff, please remember they are expected to read emails daily (Monday - Friday) and respond within 24 hours. They may choose to read or respond outside of school hours but please do not expect it. Please also bear in mind that they will be teaching or in meetings during the school day (7.30am - 3.00pm) so will not be able to respond straight away.

Wellbeing Wednesday

Each Wednesday, a short wellbeing prompt will be shared with staff and students, encouraging one small action and a brief reflection on why it matters. These moments are designed to remind us that small intentional actions can make a meaningful difference.

Wellbeing Wednesday

Action:

**Listen to a calming sound or music
for two minutes.**

WHY IT MATTERS:

Music or soothing
sounds can help lower
stress and create a
sense of calm.

Important Information:

- For this week you will have the choice to complete your learning online with a member of the Key Stage 1 team or return to school and receive face to face learning.
- Both online and in-person learning will follow the normal school timetable, where possible, to maintain routine.
- Please see your emails regarding updates to drop off and pick times and routines.
- Buses will be operating as normal this week.

Year 2 learning:

Week beginning: Monday 20th April 2026

Maths	In Maths, we will begin our new <i>Length and Height</i> unit of work. The children will start the week by measuring objects in centimetres using a ruler. They will learn the importance of starting from zero when measuring items and record their measurements using the abbreviation 'cm'. Next, the children will measure in metres using metre sticks and tape measures. They will only measure using full metre lengths and are not expected to work with mixed units at this point. They will then compare lengths and heights by using the following language: longer than, taller than, shorter than and equal to. The children will finish the week by ordering lengths and heights, using language such as shortest, longest and tallest.
English	In English, we will continue to learn about instructions. The children will begin the week by focusing on numbered points/steps and explore how the order of steps helps us to follow instructions accurately and successfully. Following this, the children will be identifying the key features of an instruction text. Next, they will learn synonyms for different verbs. (For example, synonyms for the word <i>cut</i> include <i>carve</i> , <i>chop</i> and <i>slice</i>). Finally, the children will continue to 'talk the text' and act it out.

AAESS Values

Respect

Inspired by the legacy of the founding father, Sheikh Zayed bin Sultan Al Nahyan, we will focus on the value of **Respect** in Term 3. Our expectations are that students will:

- Show respect for the thoughts and opinions of others
- Demonstrate respect for their friends, their families and all school staff
- Celebrate different skills, achievements and interests
- Speak appropriately when communicating with others
