

Al Ain English Speaking School

Year 3 Learning Pathway

Week beginning: 5.10.26

Dear Parents,

It has been great to see so many students arriving to school ready to learn this week, showing they are real STARS - Strive To Attend Regularly = Success.

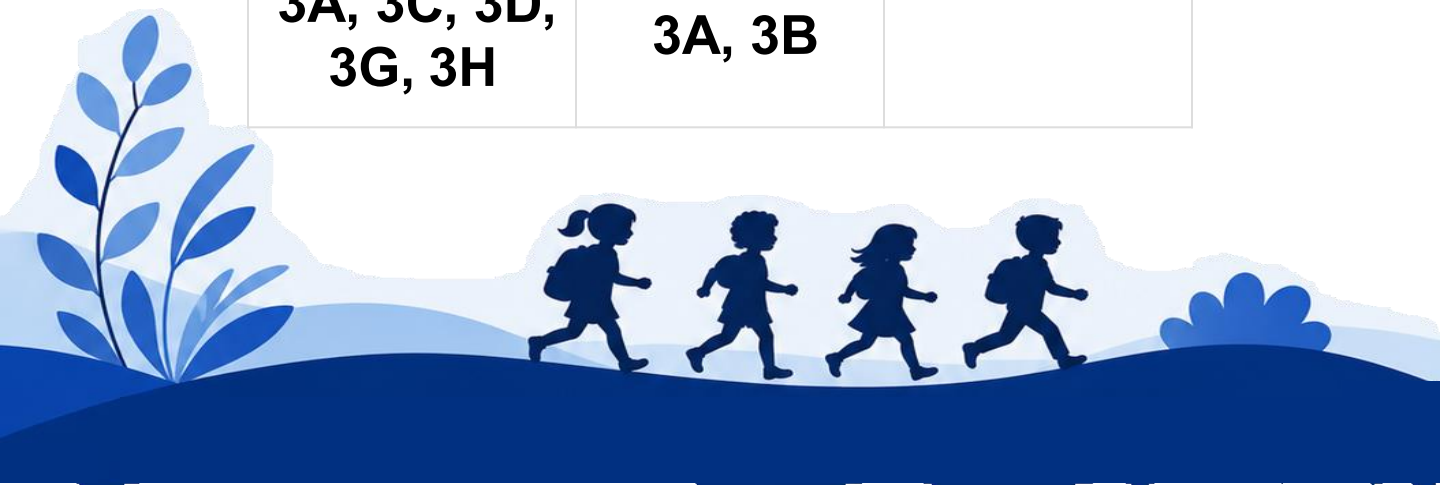

Every day in school gives children valuable opportunities to learn, belong and make progress. Regular attendance helps children build strong relationships, develop routines and keep pace with their learning.

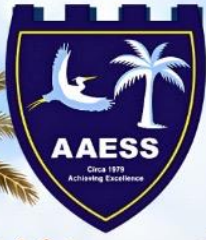

Punctuality is equally as important as attendance. Please ensure your child enters the school through gate B before 7:30am each day ready for the National Anthem being played at 7:30am promptly. Any primary students arriving after 7:40am will be required to sign it at reception.

This year's school photos will continue this week for any primary child who has not yet had their photo taken. Please refer to the table below to find your child's selected day.

Our AAESS Values Focus

Respect

Inspired by the legacy of the founding father, Sheikh Zayed bin Sultan Al Nahyan we will focus on the value of **Respect** this term.

Our expectations are that students will:

- Show respect for the thoughts and opinions of others
- Demonstrate respect for their friends, their families and all school staff
- Celebrate different skills, achievements and interests
- Speak appropriately when communicating with others

Year 3 Learning this week

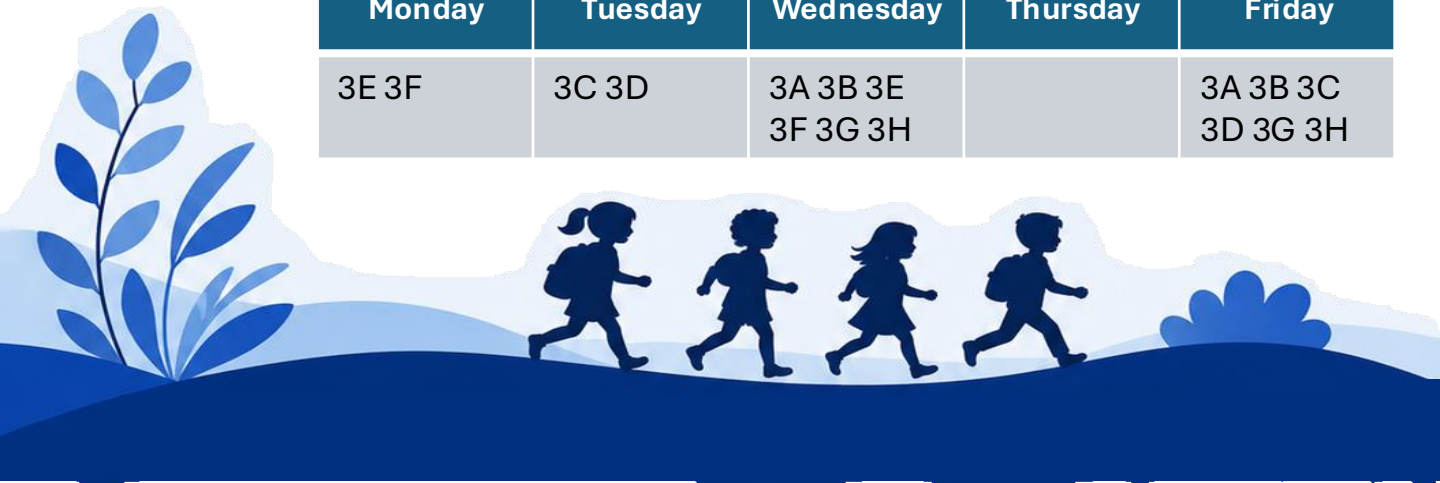

Week beginning: Monday 5th October 2026

This week, we will

English	To continue innovating our own version of <i>The Greenship</i> , we will be planning and writing paragraphs 3 and 4. The children will use the success criteria, which includes expanded noun phrases, accurate use of full stops and capital letters, adjectives and prepositions. We will encourage the children to use a thesaurus to up level their word choices and to edit and improve their writing along the way.
Maths	This week, we will be revising ordering numbers from smallest to biggest, adding and subtracting 10 and 100 from a given number, counting in steps of 2 and 5 while crossing 100, identifying the place value of each digit in a 3-digit number, and comparing numbers up to 1,000. On Thursday, the children will complete their HOT assessment on the areas covered so far.
Science	The children will be revising the plants topic in preparation for their HOT assessment, which will take place this week. They will revise the different parts of a plant and their functions, what plants need to survive and stay healthy, which parts of a plant water travels through, how water is transported through a plant, and why certain parts of a plant need water.
Integrated Curriculum	To conclude, we will compare the continents of Asia and Europe, exploring their locations, similarities, and differences. We will also learn about latitude and longitude. Finally, students will have the opportunity to practically explore how to use a compass, developing their understanding of directions and navigation.

Student Health and Wellbeing

Wellbeing Wednesday

ACTION:

Try to find a way to add more movement into your day, in a way that works for you.

Walk, stretch, dance, play a game, take the stairs or simply get up and move.

WHY IT MATTERS?

Movement is one of the simplest ways we can care for our wellbeing. It can energize us, clear our minds and help us feel good. As we look ahead to Global Be Well Day on Friday, let's make movement part of our day.
